

CURSOS DE VERANO 2020 EN UNIVERSIDADES EXTRANJERAS

[RWTH Aachen University, Alemania](#)

Automation & Simulation
Automotive & Mobility Studies
Mechatronic Systems Engineering and Product Innovation
Production Technology meets Industry 4.0
Sustainable Energy Technology
Smart Electrical Power Systems
Supply Chain Management & Logistics

[TU Berlin, Alemania](#)

Programming in Java
3D-Scanning and Printing
Precision Engineering Measurement & Design
CanSat: Hands on Satellite Design
Innovation & Entrepreneurship
Dimensioning for Interchangeable Manufacturing
Cognitive Engineering
Introduction to Biodesign
Social Entrepreneurship & Sustainability
System Dynamics Modelling for Business
Fairness in Artificial Intelligence
Startup Crash Course
Blue Engineering
Energy Revolution
Introduction to Artificial Intelligence
Space Robotics
Virtual Reality & Exercise Gaming
Advanced AI & Open Science
Data Science with Python
Draw-Design-Build / Berlin
Introduction to Biomechanics
Machine Learning with Python
Desalination & Renewable Energies
Product Noise & Sound Design

ICT & Transportation in Smart Cities
Guidance & Navigation of Aircraft
Circular Economy
Augmented Reality for Cultural Heritage

[Technische Universität München, Alemania](#)

Finding Nano- Nanoscience, Research and Industry in Germany
Summer School with an emphasis on engineering and geodesy

[UBC Vancouver, Canadá](#)

Introduction to Electrical and Computer Engineering
Renewable Energy and Power Conversion
Robotics and Challenges from Computational Intelligence
International Business Management and International Marketing
Strategic Management and News Enterprise Development
Smart Cities: Big Data and New Technologies
Food for a Healthy and Sustainable Planet
Sustainable Futures
Game Theory and Symmetry
Introduction to Clinical Medicine and Scientific Research in the Hospital Setting
Biochemistry and Molecular Biology in Human Health, Disease, and the Environment
Medical Laboratory Science
Anatomical Sciences
Biological and Clinical Aspects of Aging
Chemistry: Global Challenges and the Environment
Climate Change, Energy and Society
Mental Health and Wellness
Making Better Medicines
Introduction to Chemical and Biological Engineering
The Science and Engineering of Beverage Production

Convalidación de créditos: <https://tecnun.unav.edu/alumnos/actividades-acreditadas>

CURSOS DE VERANO 2020 EN UNIVERSIDADES EXTRANJERAS

Thinking like an Engineer: An Introduction to Experimental Design, Data Collection, and Analysis

Green Engineering

Computer Software Applications in Civil Engineering

Structural Materials in Civil Engineering

Concrete Technology (Civil Engineering)

Introduction to Electrical and Computer Engineering

Renewable Energy and Power Conversion

Robotics and Challenges from Computational Intelligence

Introduction to Biofabrication and Machine Learning

Communication and Digital Systems

Engineering the Sound of Music

Principles of the Modern Internet

Robotics and Challenges from Computational Intelligence

Mech Fundamentals: Mechanics of Materials and Dynamics

Mech Fundamentals: Fluid Mechanics and Thermodynamics

International Business Management and International Marketing

Strategic Management and New Enterprise Development

Introduction to Marketing and Management and Organizational Behaviour

Operations and Supply Chain Strategy & Business Analytics

Smart Cities: Big Data and New Technologies

Negotiation and Behaviour Change in the 21st Century

Multiculturalism and the City

Biochemistry and Molecular Biology in Human Health, Disease, and the Environment

Medical Laboratory Science

Genomics and Genetics in Healthcare

Chemistry: Global Challenges and the Environment

The Dynamic Earth and its Beautiful Treasures

The Earth's Oceans, Atmosphere and Climate

Climate Change, Energy and Society

Game Theory and Symmetry

[Yonsei University, Korea](#)

Science & Technology

Biological Principles

Biochemistry

Calculus

Cell Biotechnology

Differential Equation for Engineering Math

General Chemistry

Physics

Genetics

Linear Algebra 1

Neurobiology

Organic Chemistry

Introduction to Computer Graphics

Introduction to Machine Learning

Introduction to Computer Science

Business & Economics

Calculus

Corporate Finance

Econometrics I

Economic Sociology

Financial Accounting

Global Marketing Management

Global Supply Chain Management

International Economics

International Human Resource Management

International Management

Introduction to Accounting Information Systems and Data Analytics

Introduction to Corporate Finance

Introduction to Investment Management

Introduction to Statistics

Law and Economics

Macroeconomics

Marketing

Convalidación de créditos: <https://tecnun.unav.edu/alumnos/actividades-acreditadas>

CURSOS DE VERANO 2020 EN UNIVERSIDADES EXTRANJERAS

Microeconomic Policy

Microeconomics

Operations Management

Principles of Macroeconomics

Principles of Managerial Accounting

Principles of Microeconomics

Strategic Management

Entrepreneurship and Management

[Zagreb School of Economics and Management \(ZSEM\), Croacia](#)

Applied Creativity & Innovation

Behavioral Economics

Marketing practice through Big Data

CAPSTONE – Measuring & Maximizing Corporate Value

Design Thinking

Financial Management

International Management

Managerial Accounting

[Tampere Summer School, Finlandia](#)

Business & Management

Business Simulation

Business Responsibility and Sustainable Development

Cross Cultural Marketing and Management

Financial Accounting

Knowledge Management and Arts Driven Innovation for Organizational Development

Leadership: The Art at the Service of an Innovative Teaching Practice

Marketing Across the European Union

Serious Game “General Management”

Social Innovation and Entrepreneurship Camp

Communications & Computer Science

Fundamentals of Accessibility

Gamification in Forecasting and Data Analytics Education

Introduction to Programming

Introduction to Voice Interfaces

Recent and Future Java Features

Engineering & Environment

Lean Enterprise

Mathematics & Statistics

Introduction to Bioinformatics

Introduction to R

Introduction to Statistics

[ECAM Lyon, Francia](#)

Summer School in Mechanical Engineering

Summer School in Science and Engineering Energy & Sustainability

[Grenoble INP, Francia](#)

Micro and Nanotechnology

Smart Energy

[University of Twente, Holanda](#)

Personalized EHealth Technology

Technology & Society

Water

Design the Future

EntrepreneurialU

Leaders of Innovation and Impact

Robot Interaction Design Experience

Evaluating Future Health Technologies

[University of Glasgow, Reino Unido](#)

Physics for Engineers

Functional Anatomy

Convalidación de créditos: <https://tecnun.unav.edu/alumnos/actividades-acreditadas>

CURSOS DE VERANO 2020 EN UNIVERSIDADES EXTRANJERAS

[Coventry University, Reino Unido](#)

Academic Language & Writing

Cybersecurity

More Global Leadership Development

Simulation Engineering

Smart Cities

[CTU Prague Summer School, República Checa](#)

Robotics & Future-Tech

[Skoltech, Rusia](#)

Summer track

[Linköping University, Suecia](#)

Innovation and Entrepreneurship in a Swedish Context

Leadership and Organisational Behaviour in Contemporary Organisations

Nanotechnology - Sustainable Challenges and Social Impact

The Use (and Abuse) of Culture
